

# Welcome to B170

Your guide to Adnovum's new headquarters

## We are Adnovum

and we are excited to welcome you to our new headquarters! Please have a look around and make yourself at home. This is the future of Adnovum!

### Get familiar with the ecosystem

Today, we proudly choose between working from home or at the office. While doing so, we keep in mind the client and project needs as well as the nature of our tasks.

### Custom-made for you

Adnovum B170 and its new office sharing concept have been carefully created and customized to meet the needs of each and every one of us. Our office is made by us for us! The spaces are smart, their functionalities adapt to our activities, just as we adapt to our goals.

### Your place to be

Your Home Base is where your unit is at home and where you meet your team. But there is more: We now choose our workplace depending on our activity.

### Choose your workplace

When at the office, you may ask yourself: Which workplace suits my activities best today?

Does it require strong mental focus? Then choose one of our **Work** areas. Will you ideate a solution with your team, hold a workshop or co-create with a client? Together we work best in the **Collaborate** spaces! Do you plan an internal or external event? We've got you covered with one of the **Host** spaces indicated below. Or wait, you actually deserve a break! Meet your colleagues for a spontaneous chat in one of the **Socialize** areas!

## We are flexible

### Home Base

In each Home Base you will find an open Work Space, Privacy Offices and Breakout Rooms. Use the Work Spaces for your daily activities, the Privacy Offices for special tasks that require a closed door and the Breakout Rooms for spontaneous exchanges with your team.

### Work Space

You are free to choose a desk inside your Home Base, in another Home Base or work from an alternative work space.

### Work

- Work Space
- Privacy Office
- Audio Privacy Room
- Library
- Tavolata
- Lounge

### Host

- Lobby
- Piazza
- Cinéma
- Atelier 2

### Collaborate

- Meeting Room
- Co//ab
- Project Space
- Breakout Room
- Atelier
- Cinéma
- Tavolata

### Socialize

- Fishtisch
- Lounge
- Piazza
- Tavolata

## We work smart

### We are fair

Open Work Spaces are quiet by default and we make sure to take into consideration the needs of our colleagues when choosing our workplace. We keep our desks clean and put our personal belongings in our locker at the end of the day.

### We are secure

We use our green key fobs for building access and lock our computers when we leave our desk. We love sharing the building with others but ensure discretion in the shared elevators. For confidential tasks we use a Privacy Office and for phone calls an Audio Privacy Room.

### Visitors

Clients and guests are welcome at the office! If you cannot accompany your guest personally, blue key fobs are available at the Welcome Desk. Visitor parking behind B170 can be accessed via Feldstrasse.

### Details

Do you have any questions about the new Adnovum work model or ecosystem? Do you want to book a room?

Please find contact details as well as further and in depth information via the B170 button in AWW or via QR code:
